

AMERICAN TELEMEDICINE ASSOCIATION: FIRST CHINA (TIANJIN) INTERNATIONAL TELEMEDICINE TECHNOLOGY EXHIBITION

JORDANA BERNARD

With the support of Tianjin Municipal People's Government and the People's Government of Binhai New Area, the "First China (Tianjin) International Telemedicine Technology Exhibition" hosted by the American Telemedicine Association (ATA), will be held October 28-30, 2014 at the Tianjin Binhai International Convention and Exhibition Center.

The three day event will feature keynote sessions, concurrent discussion forums, exhibits (e.g., telemedicine, information technology, mHealth), a venture summit, meet-and-greet sessions for international and domestic companies for potential business collaboration, and policy discussions on China healthcare.
